Students

1. What are their needs to become more entrepreneurial?

2. What are their experiences with service learning

Students - Entrepreneurship

EntreComp: The Entrepreneurship Competence Framework

- 3 interrelated and interconnected competence areas
 - Ideas and opportunities
 - Resources
 - Into action
- Each of the areas is made up of 5 competences, which, together, constitute the building blocks of entrepreneurship as a competence.

Community organizations

Online survey / focus groups / interviews

- Three biggest challenges in the next three years
- Domain (e.g. culture, sustainability, tourism)
- Focus area (e.g. innovation & cooperation, water management)
- Rural development priorities (e.g. organic farming, cooperation)
- Possibilities for SL?

responses /5+

11

As expected:

- Different domains
- Different focus areas
- Different study disciplines
- Most are interested in SL collaborations

Local communities

Online survey / focus groups / interviews

- What could improve in area?
- How could local organizations help with this?
- How could students help with this?

Local communities – 200+ responses

As expected:

Differences of needs local communities between countries

Maybe less expected:

Differences of needs local communities within countries

State of the art

14

- Desk research
- What is already happening in country
 - Rural SL
 - Rural SE

State of the art

- SL courses up and coming
- SE courses up and coming

- Not focussed on rural areas
- Not focussed on (social) entrepreneurship

Conclusion

- SL course = unpredictable
- No equal content level in EU (or even in one country)
- Equal process level is possible
- → System to set-up the courses
- All entrepreneurial competences are important (expected)
- Focus on: Motivation and perseverance, Creativity, Planning and management, *Ethical and sustainable thinking*, Working with others
- Most important: GOOD organization & time at project

Thank you
